Why just one supplier

Galvanizing & Lead Kettle Specialists

Quality Steel Fabrication Since 1894

Multiple Kettle Styles

Highly Skilled Welders Using Modern Techniques

CBC
Columbiana Boiler Company

Galvanizing Kettles

Custom Kettle Fabrication & Services

In addition to the manufacturing of our major products, we also offer fabrication of custom-made accessories such as dross scoops and grabs, kettle covers, universal racks, spinner baskets, kettle insulation packages and related equipment.

If you wish, our affiliates can assist you in the entire kettle change-out procedure to insure a quick and seamless turnaround to get your operations back up and running.

- Sidewall to Bottom Transition Available as Square Corner (Flat Bottom) or Radius Corner (Round Bottom)
